CAREER OBJECTIVE

To pursue a progressive career in a dynamic and collaborative environment, where I can apply my skills to contribute efiectively while enhancing my knowledge and growing through continuous learning and innovation.

SKILLS

ProgrammingLanguages: Python, SOL, HTML, CSS, Java
Frameworks&Libraries: Seaborn, Django, NumPy, React Native
Databases: MySOL, Firebase
Tools: Android studio, Git/Github, Figma, Docker, VS code, Npm, Cursor
Core Concepts: Data Structure and Algorithm(DSA), Object-Oriented Programming(OOP), Design Patterns

EXPERIENCE

Software Development Intern — Jawarharlal Nehru Port Authority *Sheva, NaviMumbai* | ***Jun 2024 - Jul 2024***

- Built the frontend and optimized CRUD operations, filters, and views to streamline administration and centralize records using SQLite models
- Developed a full-stack complaint management system with digital complaint intake, tracking, and automated PDF reporting, leveraging claude AI for code optimization, enhancing data accuracy and reporting speed

PROJECTS

EduLab Application

- Engineered a full-stack android application by integrating Jitsi Meet and JDoodle APIs for unified conferencing and code compilation.
- Implemented an AI chatbot for instant programming assistance, significantly reducing instructor dependency and accelerating the resolution of student queries and doubt support

Telco Churn Risk Dashboard

- Built and deployed a churn-prediction model with an interactive dashboard that estimates customer churn probability and shows retention recommendations in real time
- Developed an interactive Streamlit dashboard where users input customer details to view churn probability and retention recommendations in real time
- Live_demo : https://telco-churn-prediction1234.streamlit.app/

Automated Downloads Folder Organizer (Java)

- Built a Java CLI tool that automatically categorizes and organizes files in the Downloads folder by file type
- Packaged as an executable JAR with modular OOP design and Git version control
- Git hub: https://github.com/Jaydixit05/DOWNLOAD_ORGANIZER1

EDUCATION

Pillal HOC College of Engineering and Technology, Rasayani BE (Bachelor of Engineering) in Electronics and computer science with 8 CGPA Minor's degree - Data Science ***Jan 2026***

CERTIFICATIONS/ACHIEVEMENTS

Hack To Crack 2.0 National Level Hackathon - VIMEET Runner up ***Mar 2025***

Python for Data Science – IBM ***Apr 2024***

Data visualisation - Empowering business with effective insights - Forage (Tata) ***Jun 2025***
